

PK/PD Modeling using Phoenix WinNonlin/NLME

May 11-13, 2017

Niagara Falls, NY

A three day PK/PD modeling course that transitions from simple modeling problems using the industry leading Phoenix WinNonlin software into more complex modeling examples using the nonlinear mixed effect modeling program Phoenix NLME. This hybrid course will focus on basic tutorials along with hands-on problem solving using Phoenix WinNonlin and NLME.

Daniel L. Weiner, Ph.D. Dr. Weiner has extensive drug development experience and has served as an expert consultant to the U.S. Food and Drug Administration (FDA) on pharmacokinetic modeling and bioequivalence assessment. Dr. Weiner is the co-author of *Pharmacokinetic and Pharmacodynamic Data Analysis: Concepts and Applications*' 4th ed. (2006). He is a co-developer of PCNonlin, NONLIN84, and WinNonlin and has presented numerous workshops on the statistical evaluation of pharmacokinetic and bioavailability data.

Dr. Weiner is currently an industry consultant and has held previous management positions including Chief Scientific Officer and Senior Vice President at Certara/Pharsight Corporation; Head of Biostatistics, Merrell Dow Pharmaceuticals; Vice President, Statistical Consultants, Inc.; Vice President, Syntex Development Research; Senior Vice President and Principal Scientist, Quintiles; and Senior Vice President and Global Head of Clinical Development at IVAX Research.

Course Agenda:

Thursday, May 11

08:00-08:30 Continental Breakfast/Registration

08:30-09:15 Introduction

09:15-10:15 Introduction to WinNonlin – Demo

10:15-10:30 Coffee

10:30-12:00 Introduction to Hands-on Examples – Part 1 (Graphs and NCA)

12:00-13:00 Lunch

13:00-14:00 Properties of Parameter Estimates

14:00-15:00 Error Models
15:00-15:15 Refreshments
15:15-16:00 Assessment of Goodness of Fit
16:00-17:00 Introduction to Hands-on Examples – Part 2 (Built in PK Models)
18:00-19:30 Group Dinner

Friday, May 12

08:00-08:30 Continental Breakfast
08:30-09:15 Comparing Models
09:15-10:00 Introduction to Hands-on Examples – Part 3
10:00-10:15 Coffee
10:15-12:00 Hands-on (PD Equilibrium Emax Models)
12:00-13:00 Lunch
13:00-15:00 Hands-on (PK/PD Distributional delays)
15:00-15:15 Refreshments
15:15-17:00 Hands-on (PK/PD Turnover)

Saturday, May 13

08:00-08:30 Continental Breakfast
08:30-10:00 Hands-on (transduction)
10:00-10:15 Coffee
10:15-11:15 Combining Several Sources of Data: Nonlinear Mixed Effects
11:15-12:00 Hands-on (Population PK/PD data and TMDD)
12:00-13:00 Lunch
13:00-15:00 Hands-on (Population PK/PD data and TMDD)
15:00-15:15 Wrap up and Closing Remarks

Course location: The course will be held at The Conference Center Niagara Falls, 101 Old Falls Street, Niagara Falls, NY 14303. USA. Phone: (716) 278-2100. Fax: (716) 278-0008. The Center is 28 min from Buffalo International Airport. Website: <http://www.ccnfny.com>

Registration: Online registration will begin October 15th, 2016. Given the special nature of the course, enrollment will be limited to 30 persons. Confirmation email of registration will be returned upon successful registration at the following website: <http://pharmacy.buffalo.edu/> -- under Quick Links.

Hotel location: *Sheraton at the Falls*, 300 Third St., Niagara Falls, NY 14303. USA. Phone: (716) 285-3361. The price is \$124/night single & double occupancy (add \$10 per person for triple & quadruple occupancy). *Hotel Deadline: April 3rd, 2017.* Website: <https://www.starwoodmeeting.com/Book/UBPharmacokinetic2016>

Fee: Individual fee is \$2000. Up to 5 graduate students may enroll at a fee of \$1,200 (registered MS and PhD). US Government rate: \$1,600. The registration fee includes course documentation and temporary software license. Continental breakfasts, lunches, break-time refreshments, and opening dinner are also included.

Cancellations: Cancellations with a full refund may be made until March 13, 2017. No refund is possible on cancellations received after this date. Substitutions may be made at any time. Please inform course secretary of any substitutions.

Payment: MasterCard, Visa, American Express, and Discover card payments will be accepted only at the following website: <http://pharmacy.buffalo.edu/> -- under Quick Links.
