

Dear Potential Preceptor

Thank you for your interest in becoming a preceptor for the University at Buffalo School of Pharmacy and Pharmaceutical Sciences Doctor of Pharmacy Experiential Education Program. Precepting students is a great way to train the next generation of Pharmacy Professionals!

To become a preceptor, you will first need to apply using our Learning Management System called CORE ELMS. You can access the application form at the following link:

This application consists of two parts. The first part is about you and the second part is about your site. Both parts must be completed before your application can be reviewed by our Coordinators. If you are offering an elective rotation, you also need to upload that document to the application form.

In addition, you will also need to become familiar with the following:

1. UB SPPS Mission. ([click here](#)).
